CERTIFICATION TRAINING PROGRAM 2026

About the Program

Sustainability reporting is no longer optional; it's a strategic necessity. The Global Reporting Initiative Certification Training Program equips professionals and organizations to understand, manage, and report on ESG and sustainability issues effectively.

Through this program, you will gain the skills to engage stakeholders, ensure transparency, and produce credible, GRI-aligned sustainability reports that drive impact and accountability while generating profits.

Who Should Attend

- Finance experts and Compliance Teams
- Anyone responsible for sustainability or ESG reporting
- Communications & PR Professionals
- Corporate Strategy and Governance Professionals
- Internal Auditors
- Human Rights and Social Impact Officers
- Environmental, Health & Safety (EHS) Professionals
- Investors and Analysts focused on ESG integration
- Policy and Regulatory Affairs Professional
- Legal practitioners.

CERTIFICATION TRAINING PROGRAM 2026

Why This Training Matters

This training helps professionals and organizations leverage Sustainability Reporting strategically:

- **Enhance Transparency:** Clearly communicate ESG performance to build trust with stakeholders.
- **Ensure Compliance:** Align with GRI Standards, local regulations, and regional ESG policies.
- **Attract Investors:** Provide reliable ESG data that supports sustainable finance and investment decisions.
- **Strengthen Stakeholder Trust:** Demonstrate accountability to employees, communities, regulators, and partners.
- **Drive Organizational Impact:** Turn ESG insights into actionable strategies for measurable outcomes.
- **Advance Your Career:** Earn a globally recognized GRI Certification and gain practical skills in sustainability reporting and ESG management.
